

# Galice Mining District

## Agenda for January 5<sup>th</sup>, 2014

www.galicemining.com

**Introduction** – Rick Barclay, Galice District, Chief Executive Officer.

**Pledge of Allegiance**

**New People**

**Old Business:**

**Roseburg Gold Show** – Report on historical photo display for booth. Costs, etc.

**Changing The Second Meeting of Each Month To A Day Other Than Sunday** – There have been calls requesting that we hold at least one meeting per month on a day other than Sunday as this is not a good day/time for some wanting to attend. Follow-up by District Organizer, George Backes.

**Anything else?**

**New Business:**

**The Aftermath of SB 838** – DEQ and DSL have finalized their implementation of SB 838 into their respective permits. According to Oregon DEQ's site, only those who receive an Oregon DSL Placer Mining Authorization (limited to 850 authorizations) will be eligible to receive the 700 PM permit that the state claims is required for operating a "suction dredge". Recorder Kerby Jackson will lead a review of DSL's new permit (33 pages), followed by a session that will ultimately decide this mining district's official response to SB 838's implementation.
